

# EASYCOURT

COURTROOM TECHNOLOGY MADE SIMPLE

**BEINCOURT**  
Serving justice. Virtually.

## TRANSFORMING COURTROOM AUDIO AND VIDEO TECHNOLOGY WITH INNOVATIVE, AFFORDABLE, HYBRID SOLUTIONS

Transform your courtroom with EASYCOURT, the cost-effective, plug-and-play solution tailored for today's hybrid court environments. Seamlessly integrating with video conferencing platforms like Microsoft Teams and Zoom, EASYCOURT replaces outdated, complex AV systems with cutting-edge simplicity and efficiency. Central to our setup is the SoundSphere speaker/microphone system, delivering powerful, clear, and localized audio designed specifically for courtroom acoustics. With large screen displays, multi-camera support, and versatile BYOD compatibility, EASYCOURT ensures that every presentation and evidence display is flawless. The Effortless Assembly SYstem (EASY) is engineered for rapid deployment and intuitive operation, making it accessible for any court.

For courts requiring mobility, our "Make it Mobile" Package with StarLink Integration, allows you to bring the full power of EASYCOURT wherever proceedings take place, ensuring seamless functionality in any location.

Discover how EASYCOURT combines advanced technology with effortless integration to revolutionize your courtroom.
