EASYCOURT: Your Mobile Disaster Recovery Solution Ensure Justice Continues, Even in Times of Crisis

Disasters can strike unexpectedly, disrupting court operations and delaying justice. In such critical times, having a reliable, mobile disaster recovery solution is essential to maintain continuity and serve the community. EASYCOURT by BEINCOURT is designed to meet these challenges head-on, providing a robust, portable courtroom system that ensures proceedings can continue without interruption.

Key Features of EASYCOURT as a Disaster Recovery Solution:

Portability and Quick Setup:

EASYCOURT is a pre-configured, mobile system that can be rapidly deployed wherever needed. Its compact design allows for easy transportation and setup, ensuring that court operations can be resumed in temporary locations with minimal downtime.

Comprehensive Hybrid Capabilities:

EASYCOURT supports hybrid court proceedings, seamlessly integrating with popular conferencing platforms like Zoom and Microsoft Teams. This flexibility allows for remote participation from judges, attorneys, witnesses, and other court personnel, maintaining the judicial process even when in-person attendance is not possible.

Dual PTZ Cameras and Large Screen Displays:

EASYCOURT comes standard with two PTZ (pan-tilt-zoom) cameras and dual large screen displays, providing clear visuals for all participants. This ensures that all evidence, documents, and testimonies can be presented and reviewed effectively, regardless of the location.

Built-in Starlink Capabilities:

EASYCOURT is equipped with built-in Starlink satellite internet capabilities, ensuring a reliable and high-speed internet connection even in remote or disaster-affected areas. This connectivity guarantees uninterrupted access to online resources and virtual participation, vital for maintaining court operations during emergencies.

Reliable and Secure:

In times of crisis, security and reliability are paramount. EASYCOURT is built with robust security features to protect sensitive court data and ensure the integrity of proceedings. Its reliable technology minimizes the risk of technical issues that could disrupt court activities.

Municipal Financing Options:

Understanding that budget constraints can be a significant concern, BEINCOURT offers municipal financing options for EASYCOURT. This makes it easier for courts to acquire a state-of-the-art disaster recovery solution without financial strain.

Versatility Beyond Emergencies:

While designed for disaster recovery, EASYCOURT's versatility makes it a valuable asset for a variety of scenarios. It can be used for temporary courtrooms during renovations, off-site hearings, and other situations where a traditional courtroom setup is not feasible.

Experience EASYCOURT Firsthand
